

## **GAMES AND AMUSEMENTS BOARD**

The Games and Amusements Board (GAB), an agency attached to the Office of the President, is vested with supervisory and regulatory authority over professional sports and games in the Philippines. It was created as part of the government reorganization in 1951 pursuant to Executive Order 392 entitled “Further Reorganizing the Different Executive Departments, Bureaus, Offices, and Agencies of the Government of the Republic of the Philippines, Making Certain Readjustments of Personnel and Reallotments of Funds in Connection Therewith, and For Other Purposes.”

Initially, the GAB was vested with supervisory authority over only three (3) professional sports, namely: Jai-Alai, Boxing and Wrestling and Racing. Section 7 of the aforesaid Executive Order 392 providing that “the powers, duties and functions heretofore exercised, vested in and performed by, city and municipal mayors over frontons and basque pelota games (the Jai-Alai), the Racing Commission and the Boxing and Wrestling Commission were consolidated and transferred to, and shall be assumed and exercised by the Games and Amusements Board.

However, in 1974, the regulatory and supervisory authority and functions of the GAB over horse racing, except for the betting aspect thereof, were removed from the GAB and transferred to the Philippine Racing Commission which was created pursuant to Presidential Decree No. 420 issued on March 20, 1974. The pertinent portion of Section 8 of the said presidential decree, provided as follows: “The functions of the Games and Amusements Board with respect to horseracing, except those related to the supervision and regulation and supervision of betting in horse racing as provided in Section 6, 11, 15, 18 and 24 of Republic Act 309, as amended, are hereby transferred to the Commission.

Then in 1976, coincident with the organization of the Professional Basketball Association (PBA), the regulatory and supervisory powers and functions of the GAB over professional sports were expanded with the issuance of Presidential Decree No. 871, dated January 6, 1976, entitled “Placing Professional Basketball Games and Other Professional Games under the supervision and Regulation of the Games and Amusements Board.”

Today, by virtue of PD 871, all professional sports and games are under the regulatory and supervisory authority of the GAB. These are basketball, boxing, wrestling, cycling, golf, billiards, tennis, table tennis, dancesports, mixed martial arts, Muay Thai and all sports where the athletes “play for pay”.

More recent developments, however, as an added responsibilities and areas of concern to the GAB is the issuance of Administrative Order No. 262 on January 17, 1992, by then President of the Republic of the Philippines, Corazon C. Aquino, “creating the GAB Anti-Illegal Gambling Unit of the Games and Amusements Board. Later on, Administrative Order No. 222 dated October 9, 1995 was issued by the former President, His Excellency, President Fidel V. Ramos to strengthen the operations of the Anti-Illegal Gambling Unit (AIGU) of the Games and Amusements Board, reconstituting its composition designed to combat and prevent the existence and widespread growth of all forms of illegal gambling in professional sports and amusements games.

The GAB AIGU is headed by the Chairman and the members of which is composed of the following: a) organic personnel appointed by the GAB Chairman and b) detailed personnel to be drawn from the following: (1) Philippine National Police, (2) National Bureau of Investigation, (3) Philippine Racing Commission, (4) Philippine Charity Sweepstakes Office, (5) Other agencies involved in gambling operations and (6) Other law enforcement agencies of the government.

Also the enactment of the Local Government Code of 1991 (RA 7160) presaged the issuance of Executive Order No. 149, dated December 28, 1993, streamlining certain offices under the Office of the President, which transferred to GAB the remnants of the Philippine Gamefowl Commission (PGC) pending its final abolition.

The GAB maintains Office, which it owns, at the 2<sup>nd</sup> Floor of Legaspi Towers 200, Paseo de Roxas, Makati City, making it highly accessible to its clientele.

Now, GAB is recognized nationwide as the only agency in the entire governmental machinery entrusted with the responsibility of regulating and supervising the conduct of all professional sports and games in the country and raising their standards to a level comparable to those of foreign countries.

## **ACCOMPLISHMENTS**

### **OFFICE OF THE CHAIRMAN AND COMMISSIONERS**

The present compositions of GAB's hierarchy are: Hon. Juan Ramon R. Guanzon appointed as Chairman, Hon. Mohammad Aquil A. Tamano and Hon. Matthew P. Gaston are appointed as Commissioners.

Through the guidance of the Board, the GAB had accomplished its target for CY2013 which shall be presented in the preceding portions of this report.

Aside from the targets set forth and approved by the Department of Budget and Management and following the directive of the Office of the President to be proactive, hereunder are the accomplishments of GAB, to wit:

1. **Accreditation of other professional sports under the supervision and regulation of GAB.** Due to intensive campaign of the Board to encourage participation of all professional sports and games, it has now under its supervision and regulation the sports of Motocross Racing. Last July 2013, Man & Machine Racing Promotions, Inc. has submitted all documentary requirements for accreditation and licensing purposes, and was eventually granted permit by the Board. The first ever motocross racing supervised by GAB was on September 14-15, 2013 at Barota, Nuevo, Iloilo. Motocross Racing is placed under the GAB's Pro-Basketball and other Pro-Games Division.
2. **Opening of race track in Malvar, Batangas**

The opening of additional race track in Malvar, Batangas operated by Metro Manila Turf Club, Inc. (MMTCI) had contributed not only in the accomplishment of targets of GAB but also contributed to the coffers of the government through collection of license fees and share in pari-mutuel games.

### 3. **GAB Gender and Development Program**

Due to the growing demand for professional sports and to promote gender equality, GAB now assigns female employees from the Office of the Chairman; Legal Division; Administrative Division and its sections to field assignments to supervise and regulate professional sports and games.

### 4. **GAB-DOH Project**

The Board is continuously finding ways to improve the condition and safety of our professional boxers. The Board has formed a partnership with the Department of Health (DOH) for the provision of free brain scanning for Filipino professional boxers. This initiative is part of the GAB's mandate to ensure the safety of our boxers by minimizing or eliminating the risks of suffering serious injuries and even deaths, and to encourage more participation of professional boxers. Currently, the project is under DOH evaluation.

### 5. **Global Commitments**

The Philippines, represented by the GAB, is a long-time member of several international professional sports bodies, the most active and most prestigious of which are those connected with professional boxing such as the World Boxing Council (WBC), the World Boxing Association (WBA), the World Boxing Organization (WBO), and the International Boxing Federation (IBF).

As an international commitment, the Chairman and Members of the Board attended the following conventions and boxing fights as follows:

- a. 26<sup>th</sup> Annual Convention of the World Boxing Organization (WBO) held on August 26 – 30, 2013 at Budapest Intercontinental Hotel, Budapest, Hungary.
- b. 30<sup>th</sup> IBF/USBA Annual Convention held on May 21 - 25, 2013 at Hotel Concorde, Berlin, Germany.
- c. 92<sup>nd</sup> Annual Convention of the World Boxing Association (WBA) held on October 12 – 21, 2013 at Los Delfines Hotel, Los Eucaliptos 555 San Isidro, Lima, Peru.
- d. 51<sup>st</sup> World Boxing Council (WBC) Annual Boxing Convention held on November 3 - 9, 2013 at Central Grand Hotel, Bangkok, Thailand.
- e. Fight of Milan Melindo against Juan Franciso Estrada for the WBO Flyweight Championship on July 27, 2013 Venetian Casino and Resort, Macau, Macau S.A.R., China.
- f. Fight of Manny “Pacman” Paquiao against Brandon Rios for the WBO International Welterweight Championship on November 24, 2013 at Cotai Stadium, Venetian Hotel and Casino, Macau, China.

## **GAB Anti-Illegal Gambling Unit**

The GAB-Anti-Illegal Gambling Unit (GAB-AIGU) was created by then President Corazon C. Aquino, through Administrative Order No. 262, series of 1992 and later strengthened by then President Fidel V. Ramos through AO No. 222 s. 1995. GAB-AIGU was specifically created to combat and prevent the existence and proliferation of illegal bookie joints and other illegal forms of organized gambling in professional sports and games. Section 5 of AO No. 262 and Section 2 of AO No. 222 provide that GAB-AIGU shall be composed of organic and detailed personnel. The detailed personnel shall be drawn from the following: the Philippine Racing Commission (PHILRACOM); the Philippine Charity Sweepstakes Office (PCSO); and other law enforcement agencies of the government.

The creation of GAB-AIGU led to the arrest of several persons involved in illegal gambling and filed cases thereof, confiscation of illegal video machines and other illegal paraphernalia and closure of some establishments that operate illegally.

Several PNP personnel were detailed with the GAB-AIGU with a fixed term of 6 months which period can be renewed or extended subject to existing rules and regulations of DILG. It is to be stressed that GAB-AIGU has stood to be either private complainants or witnesses in behalf of the State in number of cases that were filed before regular courts regarding the prosecution of malefactors of illegal gambling practices.

However, since the last quarter of 2011, GAB-AIGU was not able to conduct anti-illegal gambling operations up to the present due to non-renewal or non-extension of detail of PNP personnel, leaving GAB-AIGU with its mandate without legal enforcement personnel to properly implement and execute the same. The denial of GAB's request for renewal and extension of detail is due to the depleted number of PNP personnel who shall be distributed and deployed to frontline units. The shortage of human resources of the PNP has significantly affected the detail of PNP personnel to GAB-AIGU and ultimately its law enforcement operations that resulted in lack of accomplishment. Notwithstanding the sudden drop of legal enforcement operations, GAB-AIGU remained committed and interested in attending judicial proceedings of pending cases resulting from apprehensions of illegal gamblers. **In 2013, there were 109 court hearings attended by PNP personnel.**

The composition of law enforcement personnel such as the PNP provides teeth to the intent of the law to combat and prevent the existence and proliferation of illegal gambling. Being GAB-AIGU's law enforcement arm, it cannot be denied that the aid or lack thereof is crucial to the compliance with the mandate of the law placed upon the shoulders of GAB-AIGU. Hence, the shortage of human resources of the PNP justifies the sudden drop in number of law enforcement operations of the GAB-AIGU which mandate only the police arm can effectively implement.

### **Horseracing Betting Supervision Division**

Republic Act No. 309 entitled “An Act to Regulate Horse Racing in the Philippines,” date June 18, 1948 and its various amendments were the original foundation of GAB’s power of supervision over horseracing. Under the said law, the Board was vested with the exclusive authority to supervise and regulate all aspects of the sport, most important of which, were the issuance of permits to hold races to the racing clubs, licensing of jockeys, race officials, and management of wager bets. With its broad power, the GAB had the power to suspend and revoke permits and licenses for cause, conduct investigation and meted out appropriate penalties to erring licensees.

Presidential Decree No. 420 dated March 20, 1974 otherwise known as the decree “Creating the Philippine Racing Commission,” divided the jurisdiction over horse racing between the Philippine Racing Commission and the Games and Amusements Board. The former over the sports aspect and the latter over the betting aspect. The Decree reserved to the GAB the betting aspect evidently in deference to the sound principle of check and balance. It is to be noted that the principle of check and balance had always been the effective deterrence to the commission of anomalies.

It has been the unwavering commitment of the GAB to give the betting public, beneficiaries and all other parties concerned fair and honest betting free from anomalies and irregularities. The Board checks and verifies ticket sales report, computes dividends and determines the shares of the various entities entitled the share in the gross wager funds with dedication since 1951 as mandated by RA 309. Through the GAB, the government discharges a vital role not only to promote the welfare of the participants but more so to prevent and remedy abuses which could be detrimental to the public in an activity where betting is a component of the sport.

The primary role in the betting function is for the GAB to protect the interest of the betting public and other beneficiaries of horse racing, more so the taxes that are due to the government. Through the years, the GAB’s Horse Racing Betting Supervision Division has conscientiously carried out its objectives and functions with resolute dedication. As a result, it has strengthened the trust and confidence of the public.

The function of GAB with respect to horse racing, except those related to the supervision and regulation of betting in horse racing as provided for in Sections 6, 11, 15, 18 and 24 of Republic Act No. 309, as amended, are hereby transferred to the PHILRACOM.
